

Add the following iframe HTML codes to your website/portal:

```
<iframe src = "https://bcera.ca/district-access-iframe/" width = "100%" height = "500px" frameborder="0" scrolling="no" ></iframe>
```

Notes:

- If your website is not loaded over HTTPS, an error message may occur or the iframe content may not load
 - Changing the https:// to http:// may address the issue, depending on your server settings
- Width - set to 100% for optimal responsiveness
- Height - set accordingly to the height of your webpage/portal
 - Height cannot be set as a percentage value
- Refer to [w3schools](#) for more information on iframes
